This documentary ends all debates on whether or not recovery from autism is possible. The film presents documentation of therapy sessions, along with interviews with the children, their parents, and Dr. Doreen Granpeesheh. Their combined stories illuminate both their struggles and triumphs while providing hope and resources to parents and practitioners. Dr. Doreen Granpeesheh will be present at the screening.

A graphic at the bottom of the poster depicts a red carpet leading towards the center, flanked by gold stanchions connected by red ropes.
